

# The vital local service we have to protect

By sponsoring a nurse you can do something truly amazing for your community – you can help to provide the regular income we need to keep going. **Every £1** you give will improve the lives of seriously ill local people.

Your donation of **£5 a month (£60)** for one year could pay for 3 hours of nursing care in a patient's home. Your donation of **£10 a month** could pay for lunch and refreshments for a patient in the In-patient Hospice.

We can only continue to provide our services with the support of the community – if your support stopped today, we would be unable to continue our vital care.

Thank you for reading this leaflet. Please help us continue to support our community.
