

Donating your items

We are extremely grateful for all donations that we receive, but we do need to ensure they are of good quality and in a saleable condition in order to meet health & safety requirements. We ask that goods are separated into separate bags & boxes E.g. Glassware, bric-a-brac, clothes etc.

Please do not fly-tip any donations outside of our charity shops. Disposing of these items that are often wet and unsellable costs us a significant amount of money each year.

Items we do not accept
